

Here at Woolings Primary School
 we will ensure that teachers and other staff
 protect children from domestic violence and
 child abuse.

Children safe today lets everyone have much
 care and want to protect the children from
 getting abused or being hurt in our community.

If the children safe care lets all adults know
 how to treat each other with respect. Also
 teaching each other to open if and sharing
 their feelings.

The adults at our school do special training
 so they know how to keep children safe.
 So if an adult responsibility to help a child
 if they don't feel safe.

Adults can help to teach children and
 families how to listen and tolerate
 each other.

Tell a 'trusted
 Adult!
